Finished with your painting projects?

Leftover paint taking up too much space?

Some was left behind by the previous owners, and some is from making your house a home.

If you just moved into a new home, you probably have old paint to recycle.

If you don't plan to use it up, it's easy to find a place to recycle it. Paint manufactures have set up more than 145 locations throughout Colorado where residents and businesses can take back unwanted paint all year-round. It's free!

Keep what you need, and recycle the rest.
