PaintCare collected more than half of the paint leftover from new paint purchases.

The amount of paint collected by PaintCare totaled 87,453 gallons. That's enough to fill almost 10 large tanker trucks.

Latex paint made up 75-85% of the total paint collected.

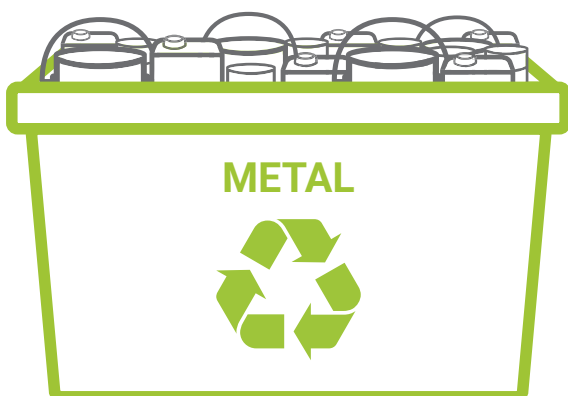

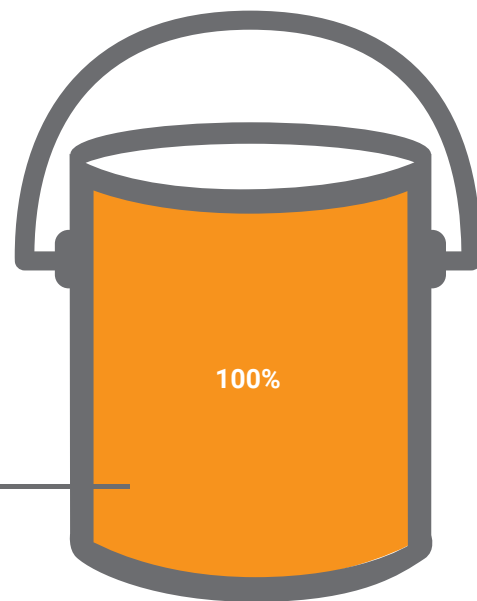

Made into recycled-content paint

Unrecyclable and landfilled

Used as fuel or incinerated

Oil-Based paint made up 15-25% of the total paint collected.
