Note					

INSTRUCTIONS

We will contact you within 48 hours upon receipt of your request form.

If you do not hear from us, please call (855) 724-6809.

Questions 1 and 2

Skip Sections 1 and 2 if the paint is at a household.

For the purposes of this service and the PaintCare Program, businesses include government agencies, non-profits, and any entity that is not a household. If you work for government, enter your department or agency name for business name and enter "government" for type of business.

Question 2

Enter Y or N in the orange box. When estimating how much hazardous waste your business generates per month, include all chemicals (paint, thinner, pesticides, acids, etc.) that you would normally have managed by a hazardous waste company, then subtract water-based (latex) paint.

220 pounds is approximately equivalent to 100 kilograms or 20-30 gallons depending on the material.

Answer as follows:

N if business generates MORE than 220 lbs. of oil-based paint and other hazardous waste per month

Y if business generates LESS than 220 lbs. of oil-based paint and other hazardous waste per month

Question 5

Please indicate the type of phone, e.g., cell, office, home, in the blue boxes

Question 7

Water-based PaintCare products can be paint, stain, varnish primers, etc.

and are often labeled "clean up with water "or "keep from freezing."

Question 8

Oil-based PaintCare products include paint, stain, varnish, primers, etc.

and are often labeled "clean up with paint thinner or mineral spirits" or "combustible"

Question 9(a)

e.g, paint store staff, advertising. If you remember, please be specific (e.g., which newspaper or paint store) so we can improve our outreach efforts to tell more people about this service.

Question 9(b)

e.g., narrow street, no parking
